Wichita, Kansas (March 17, 2011) Play hard and fast in Vegas – but not with your company's workforce lodging budget. Retailers and brand managers can save their company money with CLC Lodging's workforce travel solutions on display at GlobalShop 2011 in Las Vegas March 28-30.

CLC provides savings and service to thousands of companies whose employees travel for business through its [custom lodging solutions](#) for larger firms and [savings card](#) for smaller businesses.

"With today's tough competition, any company could find that it's losing bids for new business to competitors that are paying 20 to 40 percent less for their employee lodging costs," says Gary Shaw, CLC's Executive Vice President of Sales. "That's the very real, bottom-line advantage that CLC Lodging's custom solutions can provide."

CLC Lodging provides a hotel savings card that smaller companies use to save 20% to 40% on workforce travel at over 10,000 hotels nationwide. The savings card allows walk-in availability, requires no minimum usage and includes 24/7/365 access to CLC Lodging's Traveler Support Center.

Larger retail organizations benefit from CLC Lodging's broader suite of [workforce travel solutions](#) to save companies time and money. Services include streamlined hotel payment, contracted rate compliance, cost coding, detailed reporting and custom hotel contracting. Employees gain 24/7/365 access to CLC Lodging's Traveler Support Center.
