## **CLC Lodging's Workforce Travel Solutions Journey West To Save Companies Money on Business Lodging**

**Wichita, Kansas** (April 5, 2011) Retail marketing services providers, manufacturers and retailers can save their companies money with CLC Lodging's workforce travel solutions on exhibit at the NARMS (National Association for Retail Marketing Services) 16<sup>th</sup> Annual Meeting and Spring Conference in Monterey, Calif. April 10-12.

With its consolidated purchasing power of 9 million room nights annually at over 10,000 hotels, CLC negotiates lodging rates that are lower than customers can get on their own, typically 20% to 40% less than hotels' Lowest Published Rates.

"With rising fuel prices affecting travel budgets, saving 20-40% on workforce lodging could mean the difference between a company winning or losing business," says Bill Gray, CLC's National Sales Representative. "CLC Lodging can give a company a leading edge by improving the bottom line."

CLC Lodging provides a hotel [savings card](#) that smaller companies use to save 20% to 40% on workforce travel at over 10,000 hotels nationwide. The savings card allows walk-in availability, requires no minimum usage and includes 24/7/365 access to CLC Lodging's Traveler Support Center.

Larger retail organizations benefit from CLC Lodging's broader suite of [workforce travel solutions](#) to save companies time and money. Services include streamlined hotel payment, contracted rate compliance, cost coding, detailed reporting and custom hotel contracting. Employees gain 24/7/365 access to CLC Lodging's Traveler Support Center.
